Niagara Falls Boulevard Action Memo LKN EMD 03-18-16.docx

Hi Mark:

Sorry. The version I gave Lyndsey didn't have the date corrections I put in. Very minor but

- NY State referred the sites to us in July 2013 and not June 2013.

- June 2014 not June 2013 for....Pre-Remedial Program determined that the NFB Site did not score high enough on the Hazardous Ranking System (HRS).

Thanks.

Talk to you next week.

Good Afternoon Mark:

How are you? Attached is the Niagara Falls Boulevard Action Memo. Lyndsey and I have reviewed again this week. Made minor revisions to

format errors or typos. The overall meat of the document is the same as the one you reviewed previously. There is no need to send to anyone in RPB. I would ask you to check my financial breakdowns. I created two. One for the entire removal proposed and one for the FY16 removal and staging proposal. Obviously, I would like your input on the wording of this phased approach as well.

On a related issue. I would like to send this draft to Angela and Tim Grier. I think this would be a good courtesy and help expedite the action memo once it leave the branch level. Please let me know your opinion on that and any other advice on how to process this action memo without delay.

Thanks and have a great weekend.
